Kids With Arthritis Charitable Trust is a registered charity in New Zealand (CC58068). We have donee status. This means that we issue donation receipts to donors for their personal tax purposes. (For donations $5 or greater).

Where a doner, not the charity, runs an event to raise money for the charity, that person can only claim tax credits for donations they have made as an individual. The organizer of the fundraiser cannot collect donations from others and claim a tax credit because they did not make those donations.
